Price List Ireland

Introduction

The BMW Charging rates are governed by the maximum charging speed.

BMW Charging differentiates the following charging speeds:

AC – alternating current (normal charging)
DC – direct current (fast charging)
HPC – high power charging (ultra-fast charging)

The maximum charging power capacity of each charging station can be found on the BMW Charging website and in the My BMW app.

Please note that the transaction units for charging in public areas may vary due to regulatory requirements in the individual European countries. A transaction is differentiated in terms of kWh, time (min.), or by charging event. All prices are individually based on charge point operators. A variable tariff applies with regard to the individual charging process. The prices depend on respective charge point operators. For charging abroad (= e-roaming), you will always pay the local sales rate without any additional fees.

BMW Charging

The rates that apply to an individual charging event at the respective charging station can be found on the BMW Charging website and are subject to change. Please familiarise yourself with the applicable rates before commencing the charging event.

Tariff: Active

Domestic charging fees

Charge your all-electric BMW easily with the BMW Charging Card or the My BMW app and benefit[1)] from reduced charging fees. Owners of a fully electric BMW pay no base fee for six months and receive free access to the IONITY Plus package for six months.

Base fee[1)]	4.99 EUR / month 0.00 EUR / month for 6 months with your new fully electric BMW
AC charging[2)]	Flexible Prices Discount on the "Flex" tariff to 30/11/2026 15 % from 01/12/2026 10 %
DC charging[2)]	Flexible Prices Discount on the "Flex" tariff to 30/11/2026 15 % from 01/12/2026 10 %
	Due to a temporary adjustment of VAT from 13.5 % to 9 %, charging prices in Ireland will be adjusted accordingly until 31.12.2030. The prices shown on our website, in the app and any other available front-ends still include the VAT of 13.5 %. You will find the reduced VAT on your invoice.
Preferred Partner Network	AC Charging 0.45 EUR / kWh DC Charging 0.59 EUR / kWh
Minimum contract period	1 month[3)]

Replacement card	7.81 EUR
Green Energy	With this tariff, charging events are covered by green electricity. Find out more [https://bmw-public-charging.com/web/bmw-ie/green-energy].
Preferred Partner Network	For its Preferred Partner Network, DCS selects a group of charge point operators (CPOs) offering a premium charging experience. Over time CPOs may be added to and/or removed from the Preferred Partner Network. Information on currently participating CPOs will always be available via the charging service website.

Charging Abroad

The rates that apply to an individual charging event at the respective charging station can be found on the BMW Charging website and are subject to change. Please familiarise yourself with the applicable rates before commencing the charging event.

Austria / Belgium / Bulgaria / Croatia / Czech Republic / Denmark / Estonia / Finland / France / Germany / Great Britain / Greece / Hungary / Italy / Latvia / Lithuania / Luxembourg / Netherlands / Norway / Poland / Portugal / Romania / Slovakia / Slovenia / Spain / Sweden / Switzerland	AC charging / DC charging	Flexible Prices

Optional package that you can subscribe to after registering:

IONITY Plus
When logged in, you will always see the applicable prices on the map within the app or on the BMW Charging website. Prices may vary in other markets. Please download the full price list for details.

The IONITY package has an initial term of 1 month. Thereafter, it runs for an indefinite period and can be cancelled by the customer with effect to the contract qualifying date. The contract qualifying date is the day of a month preceding the day equivalent to the date the package was booked. For example, if the IONITY package was booked on the 7th day of a month, the contract qualifying date is the 6th day of the following months. In case the respective date is non-existent in a particular month, the contract qualifying date is the last day of that month. Digital Charging Solutions GmbH, the company behind BMW Charging, may terminate the IONITY package with a notice period of one month (a) with effect to the contract qualifying date or (b) to the end of a calendar month. Furthermore, the IONITY package automatically ends if the Charging Contract is terminated.

Base fee	5.99 EUR / month
HPC charging	to 30/11/2026 0.46 EUR / kWh from 01/12/2026 0.52 EUR / kWh

IONITY Plus
When logged in, you will always see the applicable prices on the map within the app or on the BMW Charging website. Prices may vary in other markets. Please download the full price list for details.

The IONITY package has an initial term of 1 month. Thereafter, it runs for an indefinite period and can be cancelled by the customer with effect to the contract qualifying date. The contract qualifying date is the day of a month preceding the day equivalent to the date the package was booked. For example, if the IONITY package was booked on the 7th day of a month, the contract qualifying date is the 6th day of the following months. In case the respective date is non-existent in a particular month, the contract qualifying date is the last day of that month. Digital Charging Solutions GmbH, the company behind BMW Charging, may terminate the IONITY package with a notice period of one month (a) with effect to the contract qualifying date or (b) to the end of a calendar month. Furthermore, the IONITY package automatically ends if the Charging Contract is terminated.

Base fee	5.99 EUR / month
HPC charging	to 30/11/2026 0.46 EUR / kWh from 01/12/2026 0.52 EUR / kWh

All prices include VAT. Applicable promotions will be added automatically for eligible customers during the registration process.
1) Customers who purchased a new all-electric vehicle through a BMW dealer or BMW branch will benefit from model-specific advantages within the public charging network if they take out a BMW Charging contract before 31 December 2026. For customers who received a temporary exemption from the base fee when they signed their contract, the contract will automatically continue for an indefinite period once this exemption expires. The contract can then be terminated at any time with one month's notice. The contract validity date is the day of a month preceding the day corresponding to the date the package was booked. For example, if the IONITY package was booked on the 7th day of a month, the contract is concluded on the 6th day of the following months. If the corresponding date does not exist in a particular month, the contract start date is the last day of that month. Digital Charging Solutions GmbH, the company behind BMW Charging, can terminate the IONITY package with one month's notice (a) upon conclusion of the contract or (b) at the end of a calendar month. Furthermore, the IONITY package ends automatically if the charging contract is terminated. Once the promotional period has expired, the customer will be invoiced for the package's base fee. The model-specific new vehicle advantages are automatically added as part of the registration process. Offers are only valid for the respective vehicle's initial contract. Offers cannot be transferred to other vehicles, owners or contracts. After expiration of the new vehicle advantages, the regular conditions of the booked basic tariff apply.
2) The prices displayed as "flexible prices" vary depending on the operator of the charging station and are subject to change. Additional fees, such as session fees, blocking or other time based fees, may apply at certain charging stations. The current applicable price, plus any additional fees, will be displayed at a selected charging station in the map on the BMW Charging website and can be checked directly prior to initiating a charging session.
3) The charging service contract runs for an indefinite period of time and can be terminated by the customer at any time from the reference date of the contract, with a notice period of no more than one month.

Charging Event Transaction

The invoicing of varying fees for charging is based on the appropriate tariff per minute (per commenced minute), per kWh or per charging event. The charging event starts if the vehicle is connected to the charging station and ends when it is disconnected. You can also recharge for free using the BMW Charging service at free charging stations.

All rates incl. VAT, subject to changes and errors.
